Non-Aerosol Topical Sunscreen Use
Parent/Guardian Consent Form

In October 2018, the Pennsylvania School Code was amended to include a section on Sun Protection Measures for Students. Section 1414.10 states that a school entity shall allow the application of sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel. Review the full legislation, which is available on the Pennsylvania General Assembly’s website: www.legis.state.pa.us. Parents/guardians may choose to supply their child with non-aerosol topical sunscreen, if it is approved by the U.S. Food and Drug Administration. Parents/guardians must complete and submit the following information in order for their child to apply sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel.

A school may cancel or restrict the possessions, application, or use of a non-aerosol topical sunscreen product by a student if any of the following occurs:

- The student fails to comply with school rules concerning the possession, application, or use of the non-aerosol topical sunscreen product.
- The student shows an unwillingness or inability to safeguard the non-aerosol topical sunscreen product from use by other students.

In such cases, the school entity will provide written notice of the cancellation or restriction to the student’s parent/guardian.
